

**EXOTIC & NONGAME WILDLIFE SPECIES
INDIVIDUAL HOBBY POSSESSION PERMIT RENEWAL FORM
FOR LICENSE YEAR 1/1/03 TO 12/31/03**

Please make any name, address and phone number corrections in space provided next to your printed information.

ATTENTION APPLICANTS

This is a renewal form to continue to possess exotic or nongame animals for hobby purposes. You only need one permit for all hobby animals in your possession. Please note additions and deletions to your collection in the space provided on reverse. You do not need to send in receipts for reptiles, amphibians or mammals. You must provide a receipt or letter of transfer for birds other than Canaries, Budgerigars, Cockatiels, Zebra and Society Finches that are additions to your collection. This receipt or letter of transfer must state that the bird was domestically bred or, if wild caught, was legally held in captivity prior to 12/10/91. Please check your documentation to ensure this information is included.

The following species are currently listed on your permit in our office. Please indicate the status of each in the space provided to the right of each species listed. **NOTE:** The numbers in front of each species indicate the number and sex of individuals in your possession. The first number indicates the number of males and the second indicates the number of females, if known. For example, 1.2 ferret indicates three ferrets, one male and two females. (1) ball python indicates one ball python of unknown sex. An ** in front of a bird indicates proper documentation on a bird was not provided. Please rectify the situation if possible.

SPECIES: Please write band number(s) or microchip number(s) next to bird(s), if bird is marked by either of these methods.

Please use the reverse side to list additions, deaths and transfers. You must send in this report form even if you do not renew your permit. If you no longer possess the animal(s) (i.e. died/transferred), fill out the appropriate section and return without the fee.

WILD BIRD BILL NOTICE

Bird permit applicants for birds purchased after December 10, 1991 MUST provide written documentation from the source of the birds stating that each bird was either captive-bred, or if wild caught, was in captivity before December 10, 1991. Documentation can be a written statement signed by the seller attesting to the above, a copy of the seller's permit with the bird listed on it or any other proof which establishes the bird's history. You must provide this documentation for all new birds listed except Canaries, Budgerigars, Cockatiels, Zebra and Society Finches.

NEW ACQUISITIONS: (List all new animals, their sex and source from where you received or purchased them. Use additional sheets if necessary. **If acquisition is a bird, you must include band number or microchip number.**)

TRANSFERS / DELETIONS: (List the number and sex of each animal deleted from your collection and reason for deletion (i.e. died). If the animal was sold or given away, you must also list the person's name and address).

OTHER CHANGES: (List any changes in caging, food provided or changes in your veterinarian, if necessary).

Fee: \$10.00 for mammals, reptiles and/or amphibians
\$20.00 for permits which include birds

Make check or money order payable to:
DIVISION OF FISH & WILDLIFE

Note: The complete name and address of applicant must appear on the check or money order.
